SUMMARY

A'I have achieved good results in learning HTML, CSS, Javascript, and React through Golt's Full Stack Developer courses. My journey included theoretical and practical classes where I developed my first resume, the WebStudio website, and much more. Thanks to the courses, I improved my teamwork skills, and I completed 2 excellent projects: 'Chocolate Factory' and 'Cooking Master Classes'."

Hard skills

- HTML5/CSS3 • Node.js • Responsive/Adaptive design • JavaScript • React.js • Redux • Rest API
- MongoDB • Firebase • Git

PROJECT EXPERIENCE

[Simply Chocolate](#), [Link](#) [HTML, CSS, JS, Parcel]

A website with a responsive layout. Role: Developer. I independently created the Hero section. You can view the work on the live page at the link above.

[WebStudio](#), [Link](#) [HTML, CSS, JS]

Role: Developer. Website development focused on IT, business, and related fields. Independent website developer.

[HealthyHub](#), [Link](#) [React, Vite, HTML5, CSS3, JS.]

Role: Scrum Master, Developer. The app is designed for athletes, people who want to lose weight and switch to a healthy diet. In the app, you can monitor your weight, water, calories intake, and activity.
